Health, Safety, Security and Environment Policy Statement

Doc. No:	QM-PO-01
Issue Date:	06/01/2016
Rev. Date:	01/09/2021
Rev No.	04

- 1- Basra Multipurpose Terminal (BMT) has its own Integrated QHSSE (Quality – Health – Safety - Security and Environmental) Management System that is based on ISO 9001 Quality Management System, ISO 14001 Environment Management System and ISO 45001 Occupational Health & Safety Management System (or former OHSAS 18001) standards. The top management assures that the Integrated Management System is understood, implemented, and executed through the company culture and its integral part of business performance.
- 2- Basra Multipurpose Terminal Management and personnel , are fully committed to achieve a high level of QHSSE performance at all levels by means of compliance with and adherence to BMT’s Code of Conduct, all applicable legal and other requirements such as but not limited to International Finance Corporation’s (IFC) Performance Standards, relevant parts of World Bank Group (WBG), Environment, Health and Safety (EHS) General Guidelines, 2007 and the WBG EHS Guidelines for Ports, Harbors and Terminals, 2017 alongside good international industry practice (GIIP).
- 3- Implementation of this Policy will be through but not limited to information, resource allocation, instruction, training, and supervision of the Management. Responsibilities of the Management extend to the duty to consult, communicate, and encourage the active participation of every employee in the promotion, achievement, and maintenance of the Basra Multipurpose Terminal QHSSE Management System based on continual & sustainable improvement.
- 4- Fundamental principle of Basra Multipurpose Terminal is to achieve absolute customer satisfaction and legal and other requirements compliance to provide the best possible value with innovative, safe, cost- efficient and environment-friendly services.
- 5- Basra Multipurpose Terminal employees see as their primal duty and responsibility to take appropriate care for prevention of injury and ill health to ensure their own safety, the safety of their colleagues and of any other parties who may be affected by their actions.
- 6- Basra Multipurpose Terminal recognizes its responsibility for the direct and indirect impacts of its activities on the environment and its responsibility for the community. The Basra Multipurpose Terminal is fully committed to conducting its activities in the best manner to prevent pollution and minimize environmental impacts by implementation of environmental protection safeguarding and enhancing the environment for future generations.
- 7- Basra Multipurpose Terminal employees are committed to take appropriate measures to preserve the integrity and protect the liability of private property, information, technology and proprietary elements from any external sources during the performance of their duties. Under the circumstances of any disturbance to any subject under security protection, each individual takes responsibility for the mitigation of any risk or disturbance.
